W. J. ROMANS

The "Jowl and greens" season is being sadly delayed.

Going to be some big hemp as well as tobacco crops in Garrard county this year.

Will someone please explain who has charge of the dispensation of the weather when the ground hog time expires?

Seven inches of snow "on a level" was the gauge of last weeks fall, the deepest of the season, and it came after the sleds had been put away for the season.

Judge Harris' window gardens are already beginning to show green and prospects are that his plants will be "big enough to set out" long before the weather will permit of their setting.

If all the government garden seed that has been distributed in Garrard county during the last few months is planted and prove successful, we should be able to supply the world with garden sass.

The kiddies have already commenced counting the days until school is out. The school kids have also discovered that the next holiday will fall on Saturday May, 30th. Decoration day. Ain't it awful.

Having Hard Time.

Lewis Faulkner, a well known colored man, is again and for the third time in a Lexington hospital undergoing treatment for his eyes.

Child Burned.

A four year old son of Mr. and Mrs. James Flannery, who reside near Hyattsville, was severely burned last week by its clothing becoming ignited while standing before an open grate. The little one was painfully though not fatally hurt.

Preached in Lancaster 43 Years Ago.

Rev. Charles K. Marshall of Richmond Ky. filled Bro. Tindler's pulpit at the Christian Church last Sunday, morning and evening. Bro. Marshall had charge of the Christian Church at this place 43 years ago, and there were those to hear him upon this occasion who sat under his ministrations so long ago. He was accorded a hearty welcome to his old church.

Masonic Fraternity Makes Merry.

Most Eminent Grand High Priest, Hon. William Carson Black of Barbourville is here today, Thursday, and in the lodge room of Lancaster Chapter No. 56, Royal Arch Masons will exemplify the four degrees of Royal Arch Masonry. Mr. Black brought his own degree team with him, consisting of twelve men, the most proficient in that particular branch of Masonry in the state.

The work will begin at 3 o'clock in the afternoon and continue until 6 o'clock, at which hour a sumptuous luncheon will be served to the local lodge and its guests in the handsome new club room of the Citizens Bank. After the luncheon, work will be resumed and will continue until near midnight. Rev. J. L. McKee of London is also in attendance as Inspector for the Grand Lodge, and will conduct his inspection at this time. Grand Secretary Dave Jackson, "Smiling Dave" is among the many guests from a distance who are in attendance.

H. T. Logan Assigns For Benefit Creditors.

Mr. H. T. Logan filed a deed of assignment for the benefit of his creditors on Wednesday, naming the Garrard Bank & Trust Co. as Assignee. It is impossible at this time to give anything like a correct estimate of his assets and liabilities, but it is the opinion of both the assignee and Mr. Logan that the business when finally wound up will pay dollar for dollar. H. T. Logan began business in Lancaster on his own account 21 years ago and has continued uninterruptedly since. By fair and honest dealing and upright business methods, he has won the confidence and esteem of the people of Garrard county, and today there is not a person in the county who does not hold him in the highest esteem, and places the utmost confidence in his integrity. Nor is his popularity confined to his own county, he is well and favorably known all through central Kentucky and the entire south having for many years been a travelling salesman for one of the largest eastern clothing factories.

Mr. Logan has served for two terms as Mayor of Lancaster, refusing to stand for re-election, and retiring on January 1st of this year. He is one of our most progressive citizens, and has done as much as any other man toward the upbuilding of Lancaster. His failure is due principally to bad collections. Mr. Logan has as yet formulated no plans for the future, but it will be a source of gratification to his many friends to know that he has expressed his determination not to leave Lancaster, and it is sincerely to be hoped that when the business is finally wound up that H. T. Logan may again be found at the same old stand ready and willing to serve his many customers as heretofore.

Examine your policy, don't let it expire, we can take care of you. Renew it with us.

The Marrying Judge.

Judge Clayton A. Arnold is fast establishing for himself a reputation as "a marrying Judge", and after hearing of the ease and grace with which he performed his first ceremony, couples bent on treading the matrimonial path have sought his services. On Monday he united the destinies of Vernon Lamb aged 18 and Alice Brock, same age, both of the Cartersville vicinity.

Will Probated.

The will of the late Zack Elkin was admitted to probate in the county court on Monday. Mr. Elkin gave to the children of his deceased daughter Lou Ann Smith, four in number, ten shares of stock in the Garrard Bank & Trust Co. of Lancaster. The residue of his estate, including a tract of land consisting of 157 acres below Bryantsville, he gave his daughter Mrs. Cecil Beatty. Messrs R. E. McRoberts, J. W. Elmore and F. S. Hughes were appointed appraisers of the estate. Mr. R. L. Elkin was named in the will as executor, and appeared and qualified and executed bond as such.

Commissioners Sales.

Cap't Am. Bourne sold at Commissioners Sale Monday for Master Commissioner W. H. Brown, the Hager land in the Bryantsville section consisting of 199 acres, together with about 75 acres of cliff land, Mr. W. S. Hager being the purchaser at \$13250.

In the case of Eliza Hurt's admr. et al against Lewis Kincaid et al, the "home place" consisting of 44 1/2 acres was bid in by James I. Hamilton for J. W. Tatem at \$76.07 per acre; in the case of Belle Tatem et al vs. Lewis Kincaid et al, the several tracts were bought by Mrs. Belle Tatem at \$3536. In the case of Eliza A. Hurt's admr. et al vs. Lewis Kincaid et al, what was known as the "W. S. Walker Tract", of 532 acres, was sold to Hamilton & Center at \$86. per acre.

It Can't Be Avoided.

It is a well known fact to the majority of the readers of their weekly "home paper", that the copy for that sheet was not all prepared upon the day of publication. No sooner is one issue off the press than preparations are commenced for the following week's edition, and as soon as the compositors are through "throwing in", copy must be at hand to keep them busy. It is rather disconcerting however, when one is inspired by a beautiful spring like day in the early part of the week, to write an article on the weather, gardening, fishing and such like topics peculiar to spring like weather, which really existed when the article was written, and when the paper goes to press and the article reaches the readers of the sheet, a violent snow storm is in progress. This has been our fate several times of late, and from the still unsettled condition of the weather it will continue to be so for some time.

A Muchly Abused Body.

The Kentucky Legislature has passed into history, and the amount of adverse criticism which has been heaped upon the members of that body is unprecedented. The abuse is usually for the body collectively, and surely were one member to be made the butt of it, there would be "pistols and coffee for two", or else a big damage suit, for no one individual would stand for so much adverse criticism.

We are compelled to admit that there were many measures enacted which were very distasteful to us, as well as to a great majority of the tax payers, and we are further of the opinion that the greatest failing of the body was the sin of omission in their failure to pass suitable measures. However, what cannot be cured must be endured, and we are in favor of forgetting their shortcomings, spreading the broad mantle of charity over them, and hoping for better things in the future. Surely the inordinate amount of "cussing" which they are coming in for will not serve to materially mend matters.

Looking For Mt. Asarail.

One day last week during a driving rain a peculiar building made its appearance upon the public square; it was mounted on wheels, was of goodly dimensions, and it was thought by many to be a modern "Noah's Ark". It closely resembled this ancient craft, but upon closer inspection it was found to be a "chuck wagon" and dormitory, which had been built by Dave Dudderar for the feeding and housing of the hands which he and Jim House will employ in the cultivation of a crop of nearly two hundred acres of hemp which these two clever gentlemen intend raising this year. The wagon, or house, for it is a house on wheels, is a model of convenience and ingenuity; it is fitted with bunks, lockers, dressers, and every convenience for the sleepers, and as for the culinary department, it is just about surpasses anything in that line that we have ever seen. It has the modern kitchen cabinet beat a mile for compactness and convenience; there is every thing imaginable there for the convenience of the "cookee", not even omitting a well appointed and commodious medicine chest in one corner. The house is of course the work of the inventive mind and ingenious hands of Dave Dudderar.

The Confederate Reunion.

The annual Reunion of those who wore the grey will be held this year in Jacksonville Fla. on May 6, 7 and 8th. The Southern Railway Co. has issued a handsome folder, lavishly illustrated, giving detailed information which will prove of inestimable value to those who contemplate making this trip. Included in this booklet is an accurate description of the city of Jacksonville; a directory of its hotels, prominent buildings and points of interest, as well as rates from the various points on its line for the round trip. The rate from Danville, our nearest point, for the round trip will be \$14.45. Tickets will be on sale from May 3 May 7th inclusive, with return trip to extend to May 15th. Liberal stop over privileges will also be granted, and there will be cheap excursion rates in effect during the reunion for points of interest within a radius of several hundred miles around Jacksonville. One of these booklets will be cheerfully supplied to any one upon application to B. H. Todd, District Passenger Agent, Louisville Ky.

This occasion will afford a splendid opportunity to those who desire to make an inexpensive trip to the "Land of Flowers", and at the same time witness the gathering together of the fast fading ranks of those who fought for the Southern Confederacy.

"Within The Law"

Few plays of recent years have been so enthusiastically praised by the exacting dramatic critics of New York and Chicago as Bayard Veiller's absorbing new human interest drama of modern metropolitan life, "Within the Law" which the management of the Ben Ali, Lexington is to offer on Friday and Saturday, March 27 28 and Saturday matinee.

"This Play", says Acton Davies in the "New York Evening Sun" "is set forward on the programme as a melodrama, and the man who writes the advertisements calls it 'a drama of the minute'. It is both. The killing that is done in the course of the narrative is accomplished with a revolver that shoots smokeless powder and is rigged with a Maxim silencer. When the killer finally has the crime fastened upon him, he says to the police inspector, with conscious pride of one who has done a good job with a high sense of artistic values: 'I guess that's the first time a guy was ever croaked with one of them', and, as the inspector nods, the slayer continues: 'Some class, eh', and strolls off to take his medicine.

"Within the Law" has a story back of the shooting, in which a young girl goes to prison while not guilty, comes out and evolves a scheme for making society 'give up' without actually breaking the written statutes. She organizes a group of experts, and what they do to the police, who are powerless to convict them, makes the play."

The American Play Co. has engaged a remarkably able cast for "Within the Law", and the elaborate scenic production which is to be employed here is identical, even to the small details, with that employed in New York and Chicago where this stirring new play was designated the "dramatic sensation of the year." Seats on sale Tuesday. Price night 25 to \$1.50. Matinee 25 to \$1.00.

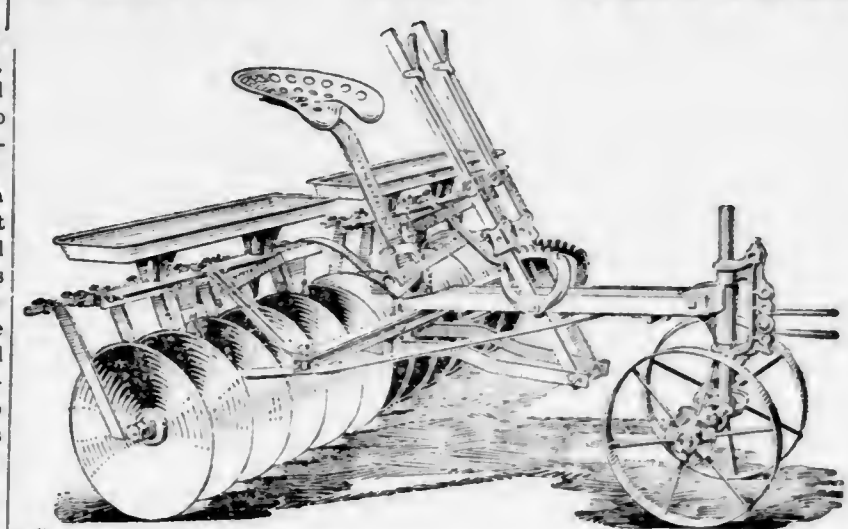

Our Honor Roll.

In renewing her subscription to the Record, Mrs. Cora West Kone, of Douglas, Ariz., who is so pleasantly remembered by so many friends here, gives expression to the following kind words. "I feel lost without the Record, for in that way I keep in touch with the Lancaster people, who will always be dear to me. We have had an ideal winter and now it is too warm for fires, and people are wearing summer clothes. I often wonder what these people would think if they could see Central Kentucky, for there's very little green here, and there is no grass quite so pretty as in Ky. How much the Record has improved. The following have responded since our last issue: Mike Purcell, Jesse Sutton, Mrs. Cora West Kone, Joe Simpson, Sallie A. Raney, Joseph McCreary, R. F. Ralston, Ed Clark, W. G. About 16 head of mules were sold at prices ranging from \$65 for colts to \$175 for aged mules. Cows brought from \$45 to \$65, while the calves went readily at prices ranging from \$26.50 to \$36.50. Sheep sold rather cheap, 89 ewes with 94 lambs bringing from \$5.50 to \$6.25. One sow and pigs \$25. Brood mares from \$90 to \$205 each. Geldings and mares from \$124 to \$160.

We'll Bet A Garrard County Corn Cob Pipe Caused It.

People on Fourth avenue yesterday morning were shocked when Editor Louis Landram was observed promenading along that popular way with a large volume of smoke issuing from the left side of his clothing. Finally he began to smell "the smoke" but never realized that it was his own clothing, but thought that a house in the neighborhood was afire. However, he was not long in realizing that he was almost ablaze and he succeeded in extinguishing the fire in short order, but not until a large slice was eaten out of his new overcoat. He thinks that some burning tobacco fell from his pipe into his overcoat pocket. Mr. Landram's host of friends in Danville are glad that the damages were no worse.—Advocate.

To Delinquent Taxpayers In The Lancaster Graded School District.

The Board of Trustees of the Lancaster Graded School are striving to make YOUR SCHOOL one of the best in the State, and they want your enthusiastic support and encouragement. You can very materially assist by paying your taxes promptly.

The Board does not want to be hampered in its work and it must have sufficient funds to maintain the institution. If you fail to pay your part you are hindering the work; if you pay when your taxes are due there will be no trouble in paying expenses. Some of our citizens have failed to settle their taxes, or they may have forgotten. The Treasurer earnestly requests all who may be in arrears to settle immediately. The Board has ordered me, to publish the names of all delinquents on or before the 9th day of April in The Central Record, to proceed to collect according to law. Do not put me to the necessity of levying upon your property. E. W. Harris, Treas.

Dudderar.

Mr. James A. Dudderar died at his home on Richmond street in Lancaster at 6 o'clock last Friday afternoon, March 20th. After funeral services at the grave by Rev. D. M. Walker of Stanford, his remains were laid at rest in the Lancaster cemetery on last Sunday afternoon.

Mr. Dudderar's death came as a severe shock to his host of friends in this and adjoining counties, as the majority of them were unaware of his illness. He had been in his usual robust health until a few days prior to his death, and had served upon the regular panel of the petit jury in the circuit court. He contracted a severe cold, which rapidly developed into pneumonia, which he did not long survive.

Mr. Dudderar was born in Lincoln county on the 11th day of November 1848, and the greater portion of his life was spent in the county of his birth, for many years living at the old "Dudderar Mill". He served as Magistrate of Lincoln county for several years, thus acquiring the title of "Squire" by which he was known to his friends and acquaintances.

On November 8, 1890 he was married to Miss Bessie Lear of this county, who survives him. This union was not blessed with any children, but Mr. Dudderar practically raised Miss Bessie Yantis, a niece of Mrs. Dudderar's, who now resides in Indianapolis, but who was with him in his last hours, and to whom he was as devoted as if she had been his own child. He is also survived by one brother, Mr. Walter Dudderar, who resides in Lincoln.

Mr. Dudderar united with the Christian church at the age of thirteen, and has ever been a faithful and consistent member of that church; he was active in all church affairs and never missed an opportunity to do what was in his power for the furtherance of the cause of the Master.

He was a man of unusually pleasing personality, a congenial companion of pleasing address, and a kind word and hearty grasp of the hand for all with whom he came in contact. Unswerving in his allegiance to his friends, a devoted and attentive husband and an upright and honorable citizen, in the death of "Squire" Dudderar, the community has sustained the loss of one of their most estimable citizens, and whose loss will be almost irreparable. To the bereaved wife and family the sincere and heartfelt sympathy of the entire community goes out in their hours of distress.

The Womans Club

(Edited By The Womans Club)

Although last Thursday was one of the worst of our many disagreeable March days a goodly number of the members of the Womans Club responded to the roll call and were amply repaid by listening to well prepared papers by Mesdames Clay Sutton and James Elmore.

Mrs. Suttons paper was upon "Insect Pests", the subject presenting such a wide field for study, she could only deal with a few of the most troublesome species and suggested some of the most approved methods for their elimination. In speaking of the fly Mrs. Sutton said: "It is said that the old Roman Emperor, Domitian's favorite amusement was hunting and killing flies. In the beginning of his reign he used to spend daily an hour by himself, during which time he did nothing but catch flies and stick them through the body with a sharp pin. Thus the original "swat the fly" man has been discovered. Considered in relation to man there would seem to be sufficient reason for placing this apparently feeble order at the head of our insect pests. No reasonable approximation can be made to the number of existing species. They are animal and vegetable breeders. There would be no flies to kill if there were no filth for them to breed in. Clean up every place where decaying animal or vegetable refuse accumulates and spray every receptacle for refuse with any good commercial disinfectant. If you cannot trace the flies about your house to any other source look in the cuspidor. To rid the house of flies, close the doors and windows, heat a small coal shovel and pour twenty drops of carbolic acid on it. The fumes from the acid will kill all the flies in a large room. Keep flies away from the food and the sick room, especially where there are contagious diseases."

Mrs. Elmore's paper was along the lines of conducting an active anti-fly campaign, just the kind of campaign Lancaster needs, and we hope to have space to give it in full next week.

The Womans Club will conduct an excursion to Frankfort the first of May. Here is the opportunity for a splendid days outing which will also give many their first opportunity of seeing our magnificent new capital, and governors mansion at small cost.

School Notes.

(By Wm. F. Miller.)

Mrs. S. D. Cochran and Miss Lillian Cochran were Tuesday morning visitors at our school.

Bro. Beagle visited our school Tuesday and delivered a welcome talk in the auditorium.

Mr. J. W. Ireland was a visitor at our school Monday. He represents the American Book Co.

Miss Brashear's room will entertain Friday morning at 8:15. You are cordially invited to attend.

The following were visitors at our School Friday morning and were present for Miss Anderson's room exercise, which was enjoyed very much.

On Tuesday evening at 8 o'clock, Miss Daniels pupils will give an ensemble program in the auditorium. Patrons and friends are cordially invited.

Misses Gracie Mae Cochran and Charlotte Pollitt and Messrs Allen Johnson and Bradley Bourne formed a quartette Tuesday morning and sang several songs. These pupils are four of the several vocal pupils of Miss Daniels.

Mr. and Mrs. J. W. Beagle, Mr. and Mrs. E. C. Gaines, Miss Emma Doty, Mrs. J. I. Hamilton, Mr. and Mrs. R. T. Embury, Mr. and Mrs. J. A. Beazley, Mesdames S. G. Haselden, W. M. Elliott, Miss Lena Bright, Mrs. J. E. Dickerson and son and Miss Delia Tindler.

On Friday afternoon the voice pupils of Miss Daniels entertained with an impromptu recital. Only a few friends and the teachers were invited. Miss Gracie Mae Cochran sang two songs with her usual charm and finish. Mr. Bradley Bourne rival to "Caruso" with Violets and a sacred song. Miss Charlotte Pollitt made her debut with a Crota song well suited to her deep contralto. Mr. Allen Johnson has a full bass voice and sang artistically "The Pirate song by Petrie". Miss Viola Beagle sang sweetly "O Dry Those Tears" and an Evening Song. Miss Beagle has a light Soprano voice full of promise. Little Miss Mary Davis played a boat song with a finish of a little artist. After the pupils program Miss Daniel kindly consented to sing a group of songs with Miss James of Richmond at the piano as accompanist.

As it Seemed to Him. "Oh, papa," said the little boy, as he looked up at the new moon, "God has been paring his finger nails."

Will Capture Fever Ticks. A novel method of clearing a forest district of the fever ticks which produce spotted fever is to be tried by the government in the Bitter Root national forest in Montana. Two bands of sheep are to be grazed in the parts of the forest where the tick is most abundant. It is expected that the ticks will attach themselves to the sheep in large numbers. Whenever occasion requires the sheep will be dipped in an insecticide which will kill the ticks and the sheep will not be at all injured. It is hoped by this method to eventually clear the district of the fangers.

Stop that waste

THE stalks and husks from your corn crop represent just so much life taken out of your soil. If you do not use them for feed and burn them to the ground in the form of fertilizer you are getting poorer every year. If your fields and barn yard are littered with stalks and your ground is growing less fertile season after season you need an **INDIANA SILO**. It will convert all your corn from the ground level to the tassel, into fresh, succulent feed and it will keep your cattle in prime condition all year round. Best of all—it will pay for itself out of what it saves for you in a single season. There will be another winter before long with high priced feed and hard work in zero weather. Why not get ready for it by erecting an Indiana Silo before next harvest time. We've got a mighty good proposition to make to you right now—a money-saver. Give us a chance to tell you about it.

Whereas God in His wisdom has taken from our midst little Fannie Lee Wallace, one of our brightest and most lovable pupils.

Therefore be it resolved:- That we express our sincerest sympathy to the bereaved family, knowing that they look to "Him who doeth all things well" for their comfort and consolation.

Winter's Chills Breed Kidney Ills.

Chilly, damp, changing weather is hard on the kidneys. Even more irritating are colds, grip, pneumonia, tonsilitis quinsy and other infections. The kidneys get congested and inflamed, and this causes backache and disordered kidney action. Though serious in its latter stages, kidney disease is not hard to conquer if a good kidney remedy is used when the first signs of kidney trouble are noticed.

The best recommended kidney remedy in the world is Doan's Kidney Pills. You hear it everywhere. Get a box.

Spring Is Breaking; Backs are Aching.

Backache is often the first sign of some form of kidney disease that has been coming on for months. Look for the other signs:—lame back, sharp pains when stooping or lifting, dizzy spells, nervousness or despondency, with irregular, painful or distressing action of the kidneys; if these signs exist, decide that the kidneys need attention, ere the trouble turns to gravel, dropsy or Bright's disease.

Read this home testimony and then give Doan's Kidney Pills a trial.

Lancaster People Testify

Danville Street.

Mrs. J. W. Pumphrey, Danville St., Lancaster, says: I suffered a great deal from backache and could not sleep well. On several occasions my back became so painful and weak that I was unable to do my housework. Being advised to give Doan's Kidney Pills a trial, I did so, procuring a supply at Frisbie's Drug Store, (now R. E. McRoberts & Son's Drug Store). They helped me from the first and I was soon relieved."

Campbell Street.

W. M. Zanone, Campbell & Crab Orchard Sts., Lancaster, says: "My kidneys were disordered and the kidney secretions were irregular and contained sediment. I had pains in my back and sides and when I stooped, I had difficulty in straightening. Finally, I used Doan's Kidney Pills and they relieved me."

Danville Street.

Will C. Davis, Danville Pike, Lancaster, says: "Doan's Kidney Pills have done me more good than anything else and I can recommend them to everyone. My kidney action was irregular and I had backache. I used Doan's Kidney Pills and they relieved me."

Danville Pike.

Mrs. T. S. Elkin, Danville Pike, Lancaster, says: "I still consider Doan's Kidney Pills the best remedy for anyone to use when having anything wrong with the kidneys and back. Doan's Kidney Pills are a safe remedy to take. All I said some years ago, recommending Doan's Kidney Pills, holds good."

Crab Orchard Street.

Mrs. C. T. Brummett, Crab Orchard St., Lancaster, says: "My kidneys were out of order and I had pains through my back and kidneys. At times I was nervous. Doan's Kidney Pills made me feel much better and stronger in every way."

Grateful Praise.

George Wright, Hotel Kengarian, Lancaster, says: "I willingly confirm all that I said some years ago, praising Doan's Kidney Pills. They are all that is claimed for them. I suffered a great deal from my kidneys and back. Pains through my loins extended into my sides and kidneys. When I used Doan's Kidney Pills, my kidneys became normal and the pains stopped."

Water Street.

Frank Hibbard, Water St., Lancaster, says: "I had weak kidneys. Their action was irregular and often painful. My back pained me. I used Doan's Kidney Pills and they fixed me up in good shape. The pains left and my kidneys became normal."

Hill Street.

Mrs. B. F. Walters, Hill St., Lancaster, says: "I never fail to praise Doan's Kidney Pills when I have the opportunity, as they are certainly a fine remedy. I have not been without a supply in the house for years. When my back becomes lame and painful, a few doses bring me instant relief. At one time I feared that I had serious kidney trouble. The kidney secretions were unnatural and gave unmistakable evidence of disordered kidneys. It was my good fortune to hear of Doan's Kidney Pills and I used them. In a short time my kidneys were normal."

Stanford Ave.

Mrs. H. G. Crutchfield, Stanford Ave., Lancaster, says: "My little boy was greatly troubled by his back and kidneys. He did not have proper control over the kidney secretions which caused no end of annoyance. The child also looked badly and I was considerably worried about his health. I heard of Doan's Kidney Pills and got a box and began giving them to him according to directions. He is now a great deal better."

A well gotten up magazine sent out by the Womans College of Richmond Va. contains the following personals that will be of interest to us. "One of our voice teachers, Miss Jo Hord Frank, has been appointed the leading soprano of the Seventh street Christian church. It makes us proud of our teacher to see her ability recognized by the people of the city."

Miss Lettie Mae McRoberts has returned from Lexington where she presided as toastmaster at a banquet given at the Phoenix Hotel by the Chi Omega Fraternity. Lancaster is proud of the nice things said in the Lexington papers as to the manner in which she presided. The banquet table was set in the main dining room and made into the Greek letter design. It was decorated in the fraternity colors, cardinal and straw, a large basket of red roses and jonquils tied with yellow ribbon and tulle in the center and vases of white carnations, the fraternity flower, with cardinal and straw streamers of ribbon. The gold edged name cards were marked with gold letters and the list were white booklets tied with silk cord and tassels and had the coat of arms of the Chi Omega embossed in gold.

Mrs. Theodora Gurrey, President of the Woman's Club entertains today at her handsome home on Richmond street in compliment to the organization of which she is the head. The affair marks one of the social features of the season. The spacious home was beautifully decorated for the occasion in potted plants, cutflowers and carnations. It was the request of the hostess that the guest come garbed to represent some popular book and well known book, and the various attempts to follow out her expressed wishes was the cause of much merriment. Mrs. R. L. Elkin, Misses McRoberts and Mason were chosen as committee to pass as to the merits of the various representations; the guests upon their arrival presenting to this committee their own card, together with the title of the volume which they represented, later a contest was held, each person present giving their interpretation of the various costumes, and the most successful list was awarded a prize for their aptitude. A dainty luncheon of coffee, sandwiches and chocolate was served, the serving being accomplished in a most effective manner by the younger members of the organization.

The color prevailing was yellow, the decorations throughout the apartments being confined to this color, even the brass candlesticks being draped with delicate yellow sashes, and soft drapery of yellow cloth.

A Good Jack, and a Stud Pony to make the season at TINKER'S RETREAT.

Hyattsville, S. H. ALDRIDGE, Proprietor. Kentucky.

OLD BLACK JOE.

This Jack is 3 years old 15 hands high not up on stilts, but stout built, good body and bone. He is by Old Huggler, the Jack the Burton's stood, and has as many good mules to his credit, as any Jack in the country. The dam of this Jack is John Morgan bred, and traces back to such famous sires as Beecher, Prime Minister and Joe Blackburn.

SILVER SILK.

A beautiful black and white spotted pony, 54 inches high, good style and action, is sired by Sam Cecil's pony who has as many blue ribbons to his credit as any pony in Boyle county. His dam is an extra good pony mare and he certainly shows good breeding. They will stand at

\$3.00 Each To Insure A Living Colt.

A lien will be retained on all colts until season money is paid and the season is due from the man who bred the mare, if sold or parted with. Care taken to prevent accidents but not responsible should any occur.

Registered Hampshire Hogs for Sale at All Times.

Alexander Stamp, 12696.

Foaled April 12, 1906, bay blaze and three white feet, sired by William Stamp, 9740.

Dam Sally Hamilton, 12426. This is an awful good breeding Clyde breeds, good form, broad and close to ground. Just the horse to get work and brood mares from.

Recently I met a Ranchman from South Dakota who bred over 100 mares yearly and he said "The Clyde Horse was the only draft he could get, that would get him a saleable horse from a Texas pony mare up," this means a great deal as our horses are too small as a rule for work or good mule mares. This horse has proven as sure as any horse I ever kept for service.

\$12.00 TO INSURE.

I will also at same time and place stand Two Black Jacks, 15 and 15 1/2 hands, standard, as much bone, foot, head and ear as Kentucky affords with lots of weight, both sound and prompt. Look at the above stock before breeding.

Jacks Stand at \$10.00 To Insure.

These Jacks were bred in Nelson County, Kentucky, and by what was known as the Bivion Jack, considered by all who know him to be as great as the greatest. He was 16 hands high. Dam of Old Jack was by Governor Wood, a great one. I guarantee satisfaction when your colt comes. Above stock will make the season of 1914 at Bu-na Vista, Ky. A lien retained on all colts for season money. For further information apply to

Bleucher 46158, record 2:29 1/4, trial mile 2:14 1/4, half in 1:06, last quarter in 32 seconds, is a handsome seal brown horse, and will weigh 1100 pounds. He greatly resembles his good sire Silent Brook and is out of Clayo, by the great Futurity sire Moko. A grand combination of two of the best race horse families of the present day. He being a real race horse himself, having had very little training and most of that by an amateur. It certainly looks like this horse is of Grand Circuit caliber, and if given half a chance he will win his share of the money sure.

BLEUCHER is a perfect type of a road horse, good gaited with perfect manners, wears no boots or weights. He has an undefeated record in the Station Road Class for 1913, and is conceded by good judges to be the best road horse out this year.

This is a good opportunity for Garrard and adjoining counties to breed into the best families of the trotting blood. Look this horse's breeding over and see how many they have in the list both sire and dam.

This great trotting Stallion will make the season of 1914 at my stable in Lancaster, Kentucky, at

Madam, if your husband is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments and are most likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of people who use it. It is prompt and effectual, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by all dealers.

Makes Healthy Bowels

THIS simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is nine-tenths of all ill-health. If today you are unable to free your body of waste matter at the usual time, or if the act causes straining, pains and discomfort, don't let that condition occur again tomorrow. Unless your bowels can carry away the waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase the risk of Typhoid Fever, Appendicitis, and many other serious diseases. In treating constipation, there is a right way and a wrong way. The wrong way is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The right way is to help Nature to produce natural movement, without pain or discomfort, by using

Rexall Orderlies

More Than One Hundred Million Were Sold Last Year

This enormous quantity was used with good results by busy men who suffered from constipation, due to lack of exercise, or indigestion caused by overwork—by children whose parents realize the harmful effect of common purgatives—by old people whose systems cannot stand anything harsh—by women during pregnancy, and after childbirth, when any medicine with a violent action would be particularly dangerous. Many of these people are your neighbors and friends. Ask anyone who has ever used them—they'll tell you Rexall Orderlies satisfied and helped them.

a gentle laxative in the form of a chocolate-tasting tablet. One of these tablets eaten just before going to bed will help to restore your bowels to normal activity at a time when your body being at rest, the medicine can do its best work. As a result of taking that tablet (or say two, if your case is obstinate), your bowels will move easily and naturally in the morning. The use of Rexall Orderlies for a few days afterward will restore normal regularity. Even chronic constipation is benefited by them, and it is not necessary to continue the treatment for a long time, because, instead of driving Nature, they simply help her to help herself.

Sold only at the more than 7,000 Rexall Stores and in this town only by us. In vest pocket tin boxes, 10c, 25c, 50c

This Is Our Guarantee—You Risk No Money

If Rexall Orderlies do not make your bowels act right, tell us so and we'll give back your money without asking a single question. There is no red tape to this guarantee. It means just what it says. You sign nothing. We won't hesitate, or ask you any questions. Your word is enough. If Rexall Orderlies do not do all you expect them to—if you don't feel better after using them and find that they are the pleasantest-acting and best laxative you have ever used, we want you to tell us and get your money back.

D. D. D. Opens New Era in Cure of Skin Disease

Professor Budlong's case of eczema was known to almost every hospital and physician of reputation throughout the state of Connecticut. His letter is another interesting demonstration of what is being accomplished by the famous specific D. D. D. Prescription. "It may be of interest to you to know that your life-saving preparation, D. D. D. Prescription has been of incalculable value to me. I was covered with eczema from head to foot when I began using your remedies. I could get no relief, although I tried a thousand means. I applied but two bottles of the Prescription; a cure was effected in a very short time. In less than one month."—Prof. C. J. Budlong, South Lyme, Conn.

We offer the first full size bottle on the guarantee that unless it stops the itch at once, it costs you not a cent.

International Harvester Manure Spreaders

INTERNATIONAL Harvester manure spreaders have a score of good features in their construction. Each one is the result of careful field experiment. An I H C spreader is low enough for easy loading, yet it has plenty of clearance underneath. The rear axle is well under the load, rear wheels have wide rims and Z-shaped lugs, insuring good traction under all conditions. Frame, wheels, and all driving parts are of steel. Apron tension is adjusted by a simple device. Winding of the beater is prevented by large diameter, and beater teeth are strong, square and chisel-pointed.

International manure spreaders are built in several styles and sizes, low or high, endless or return apron, for small farms or large. Examination will show sturdiness of construction in every detail. Repairs, if ever needed, may always be had of the local dealer. Examine International spreaders at the dealer's. We will tell you who sells them, and we will send you interesting catalogues.

Lesson XIII.—First Quarter, For March 29, 1914.

THE INTERNATIONAL SERIES.

Text of the Lesson, Matt. vii, 21-29. Comprehensive Quarterly Review. Golden Text, Mic. vi, 8.—Commentary Prepared by Rev. D. M. Stearns.

LESSON XI.—Jesus and the Children. Mark ix, 30-37; x, 13-16. Golden Text, 1 Pet. v, 5, "Be clothed with humility, for God resisteth the proud and giveth grace to the humble." In the first part of our lesson the contrast is between the desire for greatness on the part of the disciples and the humility of a little child. In the second part it is the contrast between the fullness of the rich young ruler and the emptiness of the blessed children.

LESSON XII.—The Mission of the Seventy. Luke x, 1-16. Golden Text, Matt. x, 20, "It is not ye that speak, but the Spirit of your Father that speaketh in you." Pray that the Lord would send forth laborers of the harvest. Pray that we may be from hearts willing to be sent forth, as lambs among wolves. We are to preach peace by Jesus Christ and to have no anxiety about our recompense. When the kingdom comes there will be no sick folks (Isa. xxxiii, 24).

LESSON XIII.—The Good Samaritan. Luke x, 25-37. Golden Text, Mark xii, 31, "Thou shalt love thy neighbor as thyself." When our Lord called any one's attention to the law it was that they might be convinced of sin and led to Himself as the Saviour of sinners (Rom. iii, 20; x, 4; Gal. iii, 21-24). We are as helpless to do anything to save ourselves or obtain eternal life as was the man who fell among thieves. He was half dead, but we are wholly dead (Eph. ii, 1).

LESSON XIV.—Serving Jesus. Luke vii, 13; ix, 57-62; x, 38-42. Golden Text, Matt. xxv, 40, "Inasmuch as ye have done it unto one of the least of these, My brethren, ye have done it unto Me." In the first and last sections of this lesson we see women ministering unto Him, and Mary of Bethany, having done her part, found time to listen to His teaching. In the second section we learn that serving Him means none of self and no looking back.

LESSON XV.—The Unfriendly Neighbor. Luke xi, 1-13. Golden Text, Luke xi, 9, "Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you." A better title for this lesson would be "The Father who giveth all," according to Rom. viii, 32. If we honor Him, as in the first three petitions of the prayer (verses 2-4), we may count upon Him to make good all the rest and verse 13 also.

LESSON XVI.—Darkness and Light. Luke xi, 14-26; xxxiii, 36. Golden Text, Luke xi, 35, "Take heed, therefore, that the light which is in thee be not darkness." These religious people were so blinded by their own self-righteousness, which was really darkness and not light, that they could not distinguish between God and the devil.

LESSON XVII.—Christ's Hatred of Shame. Luke xi, 37-51. Golden Text, Gal. vi, 7, "Be not deceived; God is not mocked." There is always a loving welcome from the Lord Jesus for all who penitently turn to Him, but for hypocrites, such as these Pharisees and lawyers, He has the most severe words—a welcome for sinners, but a woe for the self-righteous.

LESSON XVIII.—Faith Destroying Fear. Luke xii, 1-12. Golden Text, Luke xii, 31, "Whosoever shall confess Me before men I will confess him before My Father who is in heaven." The hatred of the truly righteous for the self-righteous resulted in expulsions from the synagogue and even in death (John xvi, 2). For the separation of soul and body was given to the believer and not a thing to be feared (Phil. i, 21-23).

LESSON XIX.—Trusting to Riches and Trusting in God. Luke xii, 33-34. Golden Text, Luke xii, 34, "Where your treasure is, there will your heart be also." It is still manifestly true that, as a rule, men are more interested in earthly things than in heavenly things and act as foolishly as did the man in this lesson. He who gives up life may require it of us at any time.

LESSON XX.—Watchfulness. Luke xii, 35-38. Golden Text, Luke xii, 37, "Blessed are those servants whom the Lord when he cometh shall find watching." In verse 43 there is also a blessing upon the one found doing. When saved we are put in trust with pounds and talents, and the Holy Spirit is given to us to dwell in us, work in us and teach us, and our commission is "Whosoever will I come" (Luke xii, 13).

LESSON XXI.—The Lawful Use of the Sabbath. Luke xiii, 10-17; xiv, 1-6. Golden Text, Luke xiv, 2, "The Sabbath was made for man and not man for the Sabbath." Their greatest accusations of Christ were that He made Himself equal with God and, in their estimation, dishonored their Sabbath (John x, 33-36; ix, 14; v, 18). They were so blinded by their own doing that they could not see their need of what He came to give them.

LESSON XXII.—Lessons by the Way. Luke xiii, 18-30. Golden Text, Matt. vii, 21, "Not every one that saith 'I' but he that doeth." There is much false teaching, and there are many deceived people, and the only safety is by the Truth, which is in Christ Jesus, who is Himself the Truth. In Him is Life and nowhere else (1 John v, 12), and until we have Life by truly receiving Him we can do nothing to please Him.
